

**CASE DIGEST:**     *U.S. GPO*, 74 FLRA 264 (2025)

After the Petitioner won a multi-union election to represent the bargaining unit, the Incumbent filed objections to the election with the Regional Director (the RD). The RD issued a decision and order (RD's decision) dismissing the objections, and the Incumbent filed an application for review of the RD's decision. The Authority found that the Incumbent did not demonstrate that the RD's decision was deficient on the grounds alleged, and denied the application for review.
