Departments of the United States Government are self-insured.

1.7.2 Tax and Taxation
The United States Government is exempt from taxation for the performance of supplies/services under this contract.

1.7.3 Prohibition against Soliciting and Performing Personal Services
• The performance of personal services under this contract is strictly prohibited.

• Personal service contracting is described in Section 37.104 of the Federal Acquisition Regulations (FAR). There are a number of factors, when taken individually or collectively, which may constitute personal services. Each contract arrangement must be judged in light of its own facts and circumstances, but the question relative to personal services is: Will the Government exercise relatively continuous supervision and control over the contractor personnel performing this contract.

• The Government and the Contractor understand and agree that the support services to be
delivered under this contract are non-personal services in nature, that is, no employer-employee relationships exist or will exist under the contract between the Government and the Contractor or between the Government and the Contractor’s employees.

• Contractor personnel under this contract shall not
  o Be placed in a position where they are appointed or employed by a Federal employee, or are under the supervision, direction, or evaluation of a Federal employee.
  o Be placed in a Federal staff or policy making position.
  o Be placed in a position of supervision, direction, or evaluation over FLRA personnel, or personnel of other contractors, or become a part of a government organization.

• Employee Relationship:
  o The services to be performed under this contract do not require the contractor or its employees to exercise personal judgment and discretion on behalf of the Government.
  o Rules, regulations, direction, and requirements which are issued by FLRA management. under their responsibility for good order, administration, and security are applicable to all personnel who enter a Government installation. This is not to be construed or interpreted to establish any degree of Government control which is inconsistent with a non-personal services contract.
  o The Contractor shall immediately advise the Contracting Officer if the contractor or its employees are directed by any Government employee to perform work that the Contractor believes constitutes personal services.

• Contractor Management Responsibility. The Contractor shall appoint a supervisor/manager who will be the Contractor’s authorized representative for technical and administrative performance of all services required hereunder. 1.7.4 Organizational Conflict of Interest

• The Contractor will be required to warrant that, to the best of its knowledge and belief, and except as otherwise set forth in the contract, it does not have any organizational conflict of interest as defined below.

• The term "organizational conflict of interest" means a situation where a Contractor has interests, either due to its other activities or its relationships with other organizations, which place it in a position that may be unsatisfactory or unfavorable (a) from the Government's standpoint in being able to secure impartial, technically sound, objective assistance and advice from the Contractor, or in securing the advantages of adequate competition in its procurement; or (b) from industry's standpoint in that unfair competitive advantages may accrue to the Contractor in question.

• The Contractor agrees that, if after award of the contract it discovers an organizational conflict of interest the Contractor shall make an immediate and full disclosure in writing to the Contracting Officer that shall include a description of the action that the Contractor has taken or proposes to take to avoid, eliminate or neutralize the conflict. The FLRA may, however, terminate the contract for the convenience of the Government if it would be in the best interest of the Government.

• If the Contractor was aware of organizational conflict of interest before award and intentionally did not disclose the conflict to the Contracting Officer, the FLRA may terminate the contract at no cost to the Government.

• Contractors are reminded that certain existing contractual arrangements may preclude, restrict or limit participation, in whole or in part, as either a subcontractor or as a prime contractor under this competitive procurement. Of primary concern are those contractual arrangements in which the Contractor provides support to the FLRA Office of the Chief Information Officer (OCIO) or Office of the Chief Financial Officer (OCFO), in support of operation of the office or any of its programs.
General guidance may be found in FAR 9.505.

1.7.5 Confidentiality/Dissemination of Information

2. All documentation, data and materials used as a result of any tasks undertaken in connection with this Contract shall be considered property of the FLRA, and shall be provided in its entirety to the designated CO or his/her designee in a format mutually agreed upon by both the FLRA and the Contractor.

The following factors shall be used to evaluate offers:

- Technical Approach,
- Past Performance and
- Price

Technical Approach

The government will evaluate the technical volume seeking a well explained and comprehensive approach to meeting the technical requirements for this training. The vendor must provide detailed information on the trainer’s qualifications and the company’s technical expertise in the matter.

An evaluation rating from the table below will be assigned upon completion of the technical quotations evaluation. If an Offeror receives a technical rating of “Unacceptable” they will not be eligible for award.

Table 1. FACTOR 1: TECHNICAL CAPABILITY

- Good Quote meets requirements and indicates a thorough approach and understanding of the requirements. Quote contains
strengths which outweigh any weaknesses.

A strong record of relevant past performance may be considered more advantageous to the Government than a "Neutral" rating. Likewise, a more relevant past performance record of favorable performance may receive a higher Past Performance Factor Rating and be considered more favorably than a less relevant record of favorable performance. Also, the recent and relevant performance of the prime Offeror will have greater weight than that of the prime’s teaming partners / subcontractor(s).

Price will be evaluated using the pricing schedule provided on Section 1 of this RFQ.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without
further action by either party. Before the offer’s specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) □ Are, □ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) □ Have, □ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) □ Are, □ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) □ Have, □ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds $3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a
judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).

Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the
offeror shall notify the Contracting Officer as soon as possible; and
